

2019 Hospitality Committee Report:

Hospitality Committee now consists of Debbie Cooper, Susie Higgins, Michael Prior, and, Ned Worth. We could use 2 more members, so as to spread out the responsibility of facilitating each month (12 months divided by 4 is 3 months each year; if we had six committee members, each person could take two times per year). Many hands make light work.

We are responsible for gathering food for each Simple Meal and cleaning up afterwards. Non-Committee members often pitch in during the clean-up, which is much appreciated, as well as providing another opportunity for fellowship and sharing.

The Spiritual State of the Committee is Good to Great! We work well together, and often cover for one another without being asked. A low key sense of generosity and grace pervades the group and there are few formal meetings.
