

Library Committee Annual Report for 2020
Submitted March 7, 2021

The Library Committee met in January though meeting minutes are elusive. The committee did not meet the rest of the year. The coronavirus pandemic is the primary reason though meetings were sporadic even before that.

The committee is dormant at this point. It will take considerable effort to instill energy and a sense of purpose. Being able to inhabit the library will help. New members will be imperative. We hope to make some reading recommendations soon and are investigating ways to make materials available before the Meetinghouse is open again.

We are a small committee. We lost one member and gained one member mid-year. One member has been on the committee almost nine years. The committee does not have a clerk.

Committee members: Polly Heninger, Henry Kennison, Mandy McMahon (contact person), Meri Robie-Craven (joined mid-year), Dave Sydlik (moved away mid-year).
